We dedicate this year's town report to our volunteers.

Please take a moment to think of those who offer their time to the people and the town of Danbury.

The Committee and Board Members, and people that signed up for open positions to help run the Town.

These folks are all around us, you only need to look to see that someone among us raises the Friend flag in the town center to note the passing of a fellow town's person.

Maybe you have passed someone picking up trash on the side of the road, in an effort to keep our town looking its best.

Take the time to thank our local emergency volunteers, who at the drop of a hat stop what they are doing to help others.

The folks who show up after an election to make sure our ballots are counted.

Those who donate to our local food bank or drop off a load of wood to someone in need, or paint a building, just because it needs to be done.

There are so many people in this town who give of themselves.

It is to all of them we wish to recognize and thank.

2023 Selectmen's Report

The Danbury Board of Selectmen was once again busy with the general workings of the town, Biweekly meetings that are open to the public, building permits, driveway permits, intent to cut timber notices, tax credits, standard budget management, and payroll review.

This fall we were able to vet and hire a new Police Chief Chris Kelby. He has quickly settled in and is finding his rhythm in the town. Please take the time to say hello and introduce yourself if you have the opportunity.

Karen Padgett retired this fall after many years of dedicated service, not only to the select board but to the town as a whole. We wish her a long and happy retirement. Maggi Fellows was hired to take over as administrative assistant. She has quickly come up to speed and is fast becoming an integral part of the team.

The Town of Danbury purchased a much-needed loader for the Highway department at a price of \$202,900.

Several improvements were made to the town hall this past year. Thanks to the help of Jon Johnson, we were able to install energy efficient LED lighting throughout the building, as well as new fixtures in the main hall.

Above the town offices, the unfinished attic that was used to keep the town records was finished. Many of the materials were purchased years earlier but not installed. The room was finished at minimal cost and with 100% volunteer work. This 17 X 30 room is now a place not only for the records but is also a usable space to work. Thank you to the many folks who helped, Wade and Robin Heberling, Myrl Phelps, Mason Demers, Jon Johnson, Nate Hatch, and Tracy and Amy Shepard.

Even though the bridge replacement near Spear Hill Road, as you enter town, was a state funded project. It is wonderful to have this project done. The traffic flow is smoother, making the entrance into town much safer.

Lastly the board would like to thank the many employees, elected officials and volunteers, who come together to make this town such a great place to live.

Jessica L. Hatch (chair) Tracy H. Shepard Ruby P. Hill

THE STATE OF NEW HAMPSHIRE TOWN OF DANBURY, NH SB-2 TOWN MEETING

"For Department of Revenue Administration"

MEETING CALLED TO ORDER AT 7 P.M. by Moderator Anna Offen at the Danbury Town Hall, located at 23 High Street in said Danbury on Thursday February 9, 2023.

THE **PLEDGE OF ALLEGIANCE** WAS RECITED.

Town Officials were introduced and the Moderator's rules were read.

Article 02: OPERATING BUDGET

Shall the Town vote to raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$1,542,575? Should this article be defeated, the default budget shall be \$1,444,968 which is the same as last year, with certain adjustments required by previous action of the Town of Danbury or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only.

Majority vote required. (\$1,542,575 Recommended by Budget Committee)((\$1,549,775 Recommended by Selectmen)

Motion to move the article by Jessica Hatch, seconded by Tracy Shepherd

Jessica reviewed the budget line by line asking for questions:

EXECUTIVE LINE: Motion by Jessica, seconded by Karen: To raise the EX Professional Service line 413010390 \$1500 to a total of \$2000. Around 2018 Ragged Mountain Ski area decided to sub divide off some house lots on new Canada Rd. The planning board at that time accepted around half an acre to adjust the road and make a sharp corner straighter. It's going to cost between \$100 and \$150 thousand to do this. There are phone lines, ledge, and old foundation to move. The selectmen voted that it would be in the taxpayer's interest to revert the land back to the landowners as the cost of straightening the road is going to be extensive. Legal services to revert the land would cost between \$5000and \$10000. It is in the best interest of taxpayers to pay \$5 to \$10,000 for surveying and deeds to revert this land and the town lawyer has advised them to do this as it could be a lawsuit if not reverted. The landowners do not have road access on their lots but would if this is reverted.

Moderator read the amendment. The amendment passed by voice vote.

LEGAL EXPENSES: Motion by Jessica, seconded by Robert Charlebrois: To raise the Legal line 415310690, by \$5000 for a total of \$15,000. This is to cover the extra-legal expenses to revert the New Canada Rd properties to the current owners. Twila asked if this was not already covered in the professional line that was raised by \$5000. Jessica explained that the \$5000 in that line was to cover surveying expenses and this \$5000 was to cover legal fees.

Moderator read the amendment. The amendment passed by voice vote. Melissa Suckling requested a hand vote. The amendment passed by hand vote.

POLICE: Question by Dave Suckling – how much would it cost the town to have a full time police chief instead of hiring part time help. He said he already had the numbers. It could be done for \$76,000 if you could find a chief willing to accept \$25. an hour and that this would include state retirement. Jessica said this was not accurate numbers as state retirement would mean having to supply it to the highway dept as well and would be much more then his figure. Karen mentioned that the town's people had voted to hire a part time chief and that could not be changed to full time without it being on the warrant for the people to vote on.

Motion by Lenny Ryan, seconded by Robert Monday: To lower the police budget to the 2022 budget of \$94255. It was asked the reason we did not spend all of last year's budget. Jessica said the officer we had last year was only working 8-10 hours a week, the pay rate for the last officer and chief were less then what we needed to pay to hire new employees, we were down an officer for a while and it was before we found our new Chief. The question was asked if the budget is lowered to last year's amount would it hinder us hiring another officer and Jessica said that it would and mentioned that the Chief has interviewed a few candidates for part time officer.

Moderator read the amendment. The amendment failed by voice vote. Hand vote was requested. The amendment failed by hand vote.

Motion by Melissa Suckling, seconded by Karen Padgett: To increase the police budget to \$150,000 to add a full time officer. Twila stated that if you increase this budget there is no way to stipulate that it goes for a full time officer. To have a full time officer the town would have to pay for state retirement for the police and the highway dept which would be a huge expense. For full time police officer the town pays 30.67% for retirement, 3.21% for medical and employee pays 11.55% For highway the town pays 13.75% retirement, .31% for medical and the employee pays 7%..

Moderator read the amendment. The amendment failed by voice vote

HIGHWAY: Motion by Jessica, seconded by Donnie Haynes to raise the diesel line item number 431110636 by \$5000 to the original amount. As of today we have all ready spent \$12000 of that line for diesel budget.

Moderator read the amendment. The amendment passed by voice vote.

Motion by Jeremy Cornell, seconded by Tricia Taylor. To raise the temp help line 431110150 to\$2000 to what was requested, \$6000.

Moderator read the amendment. The amendment failed by voice vote. Hand vote requested. Failed by hand vote.

GENERAL ASSISTANCE: Motion by Jessica Hatch seconded by Jim Phelps: To raise line 444210810, General Assistance, by \$1000.

Jessica is the welfare officer, and she has had a unique circumstance and has already spent half the yearly budget and would like a little more to get through the year.

Moderator read the amendment. The amendment passed by voice vote.

Moderator read the article with the new figures:

Shall the Town vote to raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$1,555,075? Should this article be defeated, the default budget shall be \$1,444,968 which is the same as last year, with certain adjustments required by previous action of the Town of Danbury or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. Majority vote required. (\$Recommended by Budget Committee) (\$Recommended by Selectmen)

Moderator read the article as amended.

The article passed by voice vote. The article will appear on the ballot as amended.

Article 02: OPERATING BUDGET passed with 170Yes and 61 No

Article 03: HIGHWAY LOADER

To see if the Town will vote to raise and appropriate the sum of \$202,900 for the purpose of purchasing a loader using \$55,000 from the HIGHWAY EQUIPMENT CAPITAL RESERVE FUND and \$73,368 from Senate Bill 401 funds with the balance of \$74,532 to be raised from general taxation. Majority vote required. (Recommended by Selectmen) (Recommended by Budget Committee)

Motion to move the article by Jessica Hatch, seconded by Anna Hullinger.

The loader is 27 years old and has needed to be replaced and we have been putting it off. This year we have \$55,000 in the equipment line and \$73,368 from Senate Bill 401 so all we are asking from taxation is \$74532.

The maintenance on the current loader is very high. It needs new rims, there is a leak in the engine. The bucket needs a ton of work. \$45000 has already been spent in the last few years for maintenance. We will get \$20000 trade in for the old loader and the new one will have a seven year warranty.

Motion by David Suckling seconded by Penny Bill: To amend Article 03 To see of the town will vote to raise and appropriate the sum of \$0 for the purpose of purchasing a loader. Andy spoke and said that he watches cars flying down the road going to work going home midnight to six am. Roads have to be sanded, crews are out sometimes all night. What happens if the loader breaks down. I remember the day when you shoveled the sand by hand, but those days are gone. People get upset when their taxes go up and then get upset when their roads are not sanded so they can go 50 mph down them. They can't do their job if we don't give them the equipment to work with.

Moderator read the amendment. The amendment failed by voice vote.

Moderator read the article as it was written.

Article passed with voice vote. The article will appear on the ballot as originally written.

Article 3: HIGHWAY LOADER passed with 177 Yes and 55 No

Article 04: ESTABLISH ROAD CONSTRUCTION CAPITAL RESERVE FUNDTO see if the Town will vote to establish a Road Construction Capital Reserve Fund under the provisions of RSA 35:1 for construction and maintenance of Town roads and to raise and appropriate the sum of \$100,000 to be placed in this fund. Further, to name the Board of Selectmen as agents to expend from said fund. Majority Vote Required. (Recommended by Selectmen) (Budget Committee recommends \$75,000) Motion by Jessica, seconded by Ruby Phelps

Jessica spoke on this article. We started this because we recognize that Ragged Mountain Rd from new Canada to ski area is the worst road in town. We met with Ragged MT Ski and they know a lot of the damage is from them because the water is not being mitigated properly and its eroding our town road. Preliminary cost of the repairs is a quarter of a million. We put this aside to start this and Ragged will also be contributing. The intent of this article was not just for Ragged Mt Rd but to have a fund in case money is needed for an emergency repair of a road or to finish a paving project.

Motion by Jim Phelps seconded by Doug Boisvert: To see if the Town will vote to establish a Road Construction Capital Reserve Fund under the provisions of RSA 35:1 for the construction and repair of Ragged Mt Rd from new Canada Rd to Deckman Rd. and to raise and appropriate the sum of \$100,000 to be placed in this fund. Further, to name the Board of Selectmen as agents to expend from said fund. Majority Vote Required. (Recommended by Selectmen) (Budget Committee recommends \$75,000) Moderator read the amendment. Amendment passed with a hand vote.

Motion by Lenny Ryan seconded by Melissa Suckling: To appropriate a sum of \$75000.

Moderator read the amendment. Amendment passed with a hand vote.

The article will appear on the ballot as amended.

Article 4: ESTABLISH ROAD CONSTRUCTION CAPITAL RESERVE FUND passed with 151 Yes and 81 No

Article 05: ESTABLISH SAFETY SERVICES BUILDING CAPITAL RESERVE

To see if the Town will vote to establish a SAFETY SERVICES BUILDING Capital Reserve Fund under the provisions of RSA 35:1 for the planning and construction of a safety services building and to raise and appropriate the sum of \$50,000 to be placed in this fund. Further, to name the Selectmen as agents to expend from said fund. Majority vote required. (Recommended by Selectmen) (Budget Committee recommends \$25,000)

Motion to consider the article by James Phelps seconded by Twila Cook Jessica spoke on this article.

We started a conversation with Jessica Cook who is an architect on is working up some plans for a safety service building. She met with both the Chiefs to see what each of them feel they would need in a safety building and to see if the town should have a fire house or a combination of fire and police. We own the land where the motel use to be across fron Rt 104 auto which is where we would put this building. Right now we are asking for \$50,000 to pay her for her feasibility study and her plan.

The land would need to be surveyed. Right now, we are asking for \$50000 to pay her for her feasibility study and her plan. It was asked why we need a new firehouse. We need a new one because the building is 75 years old and doesn't fit the fire trucks and the police are crowded and have no place for the cruisers. The study would also determine what could be done with the old building. We have a covid fund of \$125,000 that would probably also be used for this building.

Article passed with voice vote. The article will appear on the ballot as originally written.

Motion for reconsideration of this article by Jim Phelps seconded by Lenny Ryan

Motion failed by voice vote.

Article 05: ESTABLISH SAFETY SERVICES BUILDING CAPITAL RESERVE passed with 148 Yes and 82 No

Article 06: HIGHWAY EQUIPMENT CAPITAL RESERVE FUND

To see if the Town will vote to raise and appropriate the sum of \$50,000 to be added to the HIGHWAY EQUIPMENT CAPITAL RESERVE FUND previously established. If Warrant Article 3 is passed to purchase a new loader, this warrant article will be null and void. Majority vote required. (Recommended by Selectmen)(Not recommended by Budget Committee)

Motion to move the article by Jessica Hatch, seconded by

It was discussed by the budget committee that if the loader passed, they would eliminate this article.

Motion by Melissa Suckling to accept the article as written, seconded by

Moderator read the article. Article passed with a voice vote.

Article 06: HIGHWAY EQUIPMENT CAPITAL RESERVE FUND passed with 178 Yes and 53 No

Article 07: BRIDGE CAPITAL RESERVE FUND

To see if the Town will vote to raise and appropriate the sum of \$25,000 to be added to the BRIDGE CAPITAL RESERVE FUND previously established. Majority vote required. (Recommended by Selectmen) (Recommended by Budget Committee)

Motion to move the article by Jessica Hatch, seconded by Ruby Phelps. Jessica spoke on this article. We have \$175,000 in the fund now. This will make \$200,000. We also have another \$70 to\$ 75000 to go toward this. We have three bridges that are in need and Jeremy will work with the state to quote them out and see what one should be done first.

Moderator read the article. Article passed with a voice vote

The article will appear on the ballot as originally written.

Jim Phelps made a motion to approve. Seconded by Jessica. Article passed with voice vote. The article will appear on the ballot as originally written.

Article 07: BRIDGE CAPITAL RESERVE FUND passed with 193 Yes and 36 No

Article 08: : REVALUATION CAPITAL RESERVE FUND

To see if the Town will vote to raise and appropriate the sum of \$7,000 to be added to the PROPERTY REVALUATION CAPITAL RESERVE FUND previously established for the state mandated revaluation of the municipality. Majority vote required. (Recommended by the Selectmen)(Recommended by Budget Committee)

Motion to move the article by Jessica Hatch, seconded by Ruby Phelps.

Moderator read the article. Article passed with a voice vote.

The article will appear on the ballot as originally written.

Article 08: FIRE TRUCK CAPITAL RESERVE FUND passed with 261 Yes and 76 No

Article 9 OPTIONAL VETERANS' CREDIT (72:28,11)

Shall the TOWN readopt the OPTIONAL VETERANS' TAX CREDIT in accordance with RSA 72:28, 11, for an annual tax credit on residential property of \$200? (Majority vote required)

Motion
to move the article by Jessica Hatch, seconded by Ruby Phelps

The veteran's credit we all ready do has to be voted on again because the NH Legislature passed a change that made towns have to revote on this.

Moderator read the article. Article passed with a voice vote. The article will appear on the ballot as originally written.

Article 9: OPTIONAL VETERANS' CREDIT passed with 203 Yes and 24 No

Article 10: ALL VETERANS' CREDIT (72:28-b)

Shall the Town readopt the ALL VETERANS TAX CREDIT in accordance with RSA 72:28-b, for an annual tax credit on residential property which shall be equal to the same amount as the standard or optional veterans tax credit voted by the town under RSA 72:28? (Majority vote required)

Motion to move the article by Jessica Hatch, seconded by Ruby Phelps.

Moderator read the article. Article passed with a voice vote. The article will appear on the ballot as originally written.

Article 10 ALL VETERANS' CREDIT (72:28-b) passed with 196 Yes and 28 No

2024 SAMPLE BALLOT DANBURY ELECTION DAY, MARCH 12, 2024

Article 01: ELECTION OF PUBLIC OFFICIALS

Election of Town Officers

Article 02: LAND USE & ZONING AMDT FLOODPLAIN

Shall the Town vote to adopt Amendment #1 to the Land Use and Zoning Ordinance relative to amending Article 15, Floodplain Development as necessary to comply with requirements of the National Flood Insurance Program.

(Majority vote required.)(Recommended by Planning Board)

This article cannot be amended. A public hearing was held to discuss this article.

Article 03 LUZO AMENDMENT RELATIVE TO BUILDABLE LOT SIZE

Shall the Town vote to adopt Amendment #2 to the Land Use and Zoning Ordinance relative to amending section 11.5 – Lot Area - to better define buildable lot area requirements.

(Majority vote required (Recommended by Planning Board)

This article cannot be amended. A public hearing was held to discuss this article.

Article 04 BOND FOR NEW FIRE STATION & RENOS TO OLD BLDG

Passage of this article shall override the 10% limitation imposed on this appropriation due to the non-recommendation of the Budget Committee.

To see if the TOWN will vote to raise and appropriate the sum of Three Million Dollars (\$3,000,000) for the purpose of financing the construction of a new fire station and improvements and renovations to the existing fire station for use as the police station along with related cost. Three Million Dollars (3,000,000) of such sum to be raised through the issuance of bonds or notes under and in compliance with the Municipal Finance Act, RSA 33:1 et seq., as amended; to authorize the Selectmen to apply for, obtain and accept federal, state or other aid, any, which may be available for said project and to comply with all laws applicable to said project; to authorize the Selectmen to issue, negotiate, sell and deliver said bonds and notes and to determine the rate of interest thereon and the maturity and other terms thereof; and to authorize the Selectmen to take any other action or to pass any other vote relative thereto. The first principal and interest payments will be included in the 2025 budget.

(3/5 ballot vote required) (Recommended by Selectmen) (Not Recommended by Budget Committee)

Article 05 OPERATING BUDGET

Shall the Town vote to raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$1,659,166. Should this article be defeated, the default budget shall be \$1,520,366 which is the same as last year, with certain adjustments required by previous action of the Town of Danbury or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only.

Majority vote required. (\$1,659,166 Recommended by Budget Committee) (\$1,659,116 Recommended by Selectmen)

Article 06 HIGHWAY EQUIPMENT CAPITAL RESERVE FUND

To see if the Town will vote to raise and appropriate the sum of \$50,000 to be added to the HIGHWAY EQUIPMENT CAPITAL RESERVE FUND previously established.

(Majority vote required.)(Recommended by Selectmen)(Recommended by Budget Committee)

Article 07 BRIDGE CAPITAL RESERVE FUND

To see if the Town will vote to raise and appropriate the sum of \$25,000 to be added to the BRIDGE CAPITAL RESERVE FUND previously established.

(Majority vote required.) (Recommended by Selectmen) (Recommended by Budget Committee)

2024 SAMPLE BALLOT DANBURY ELECTION DAY, MARCH 12, 2024

Article 08 ROAD CONSTRUCTION CAPITAL RESERVE FUND

To see if the Town will vote to raise and appropriate the sum of \$75,000 to be added to the ROAD CONSTRUCTION CAPITAL RESERVE FUND previously established.

(Majority vote required.) (Recommended by Selectmen)(Recommended by Budget Committee)

Article 09 GOVERNMENT BUILDING CAPITAL RESERVE FUND

To see if the Town will vote to raise and appropriate the sum of \$23,000 to be added to the GOVERNMENT BUILDING CAPITAL RESERVE FUND previously established.

(Majority vote required.) (Recommended by Selectmen)(Recommended by Budget Committee)

Article 10 REVALUATION CAPITAL RESERVE FUND

To see if the Town will vote to raise and appropriate the sum of \$7,000 to be added to the PROPERTY REVALUATION CAPITAL RESERVE FUND previously established for the state mandated revaluation of the municipality.

(Majority vote required.) (Recommended by the Selectmen) (Recommended by Budget Committee)

Article 11 TO CLOSE CERTAIN CAPITAL RESERVE FUNDS

To see if the TOWN will vote to discontinue the following CAPITAL RESERVE Funds.

AIR PAC Capital Reserve Fund

FOREST FIRE EQUIPMENT Capital Reserve Fund

RECORDS PRESERVATION Capital Reserve Fund

PLANNING BOARD Capital Reserve Fund

Said funds and accumulated interest to date of withdrawal, are to be transferred to the municipality's general fund.

(Majority vote required) (Recommended by Selectmen)

2024 DELIBERATIVE SESSION NOTES

The Danbury Deliberative Session was held on Thursday, February 8, 2024, at 7PM. Below are the warrant articles as amended during the meeting and a brief summation of the discussion that took place at the meeting. We encourage you to attend next year to assist in the final presentation of the warrant articles to be printed on the ballot.

Article 01: Election of Town Officials

Article 02: LAND USE & ZONING AMDT FLOODPLAIN Shall the town vote to adopt Amendment #1 to the Land Use and Zoning Ordinance relative to amending Article 15, Floodplain Development, as necessary to comply with requirements of the National Flood Insurance Program. Majority vote required. (Recommended by Planning Board) This article cannot be amended. A public hearing was held to discuss this article.

Motion to move the article by Ruby Hill, seconded by Jessica Hatch. No Discussion

Article 03: LUZO AMENDMENT RELATIVE TO BUILDABLE LOT SIZE

Shall the town vote to adopt Amendment #2 to the Land Use and Zoning Ordinance relative to amending section 11:5: Lot Area-to redefine buildable lot area requirements. Majority vote required. (Recommended by Planning Board) This article cannot be amended. A public hearing was held to discuss this article.

Motion to move the article by Ruby Hill, seconded by Jim Phelps.

It was asked that the new definition of a lot be read. Mark Zaccaria read the amendment: LOT AREA: Each lot hereinafter created by subdivision shall conform to and have a clearly delineated Buildable Area on which all habitation-related structural improvements will be located, in order to assure such area as is needed for on-site sanitary facilities and water supply, adequate access for emergency and other vehicles and to minimize congestion,

11.5.1. Buildable Area: Each lot would need at least one acre (43,560 square feet) of contiguous Buildable Area thereon. Buildable Area means a contiguous piece of land within a single lot that is free of does not include delineated wetlands, surface waters, etc., as prescribed in 11.5.2 below. Any deviations would require a variance from the Zoning Board of Adjustment.

11.5.2. Wetlands, surface waters, floodplain soils, very poorly drained soils, shallow to bedrock soils, rock outcrops, areas with slopes over twenty-five percent (25%), streets and roads, rights-of-way, utility easements and land dedicated to uses other than conservation or historic preservation may be included within lot boundaries, but shall not be included in calculating any part of the minimum one acre or two acres contiguous Buildable Area required respectively per single lot.

Article 4 BOND FOR NEW FIRE STATION & RENOS TO OLD BLDG

Passage of this article shall override the 10% limitation imposed on this appropriation due to the non-recommendation of the Budget Committee.

To see if the TOWN will vote to raise and appropriate the sum of Three Million Dollars(\$3,000,000) for the purpose of financing the construction of a new fire station and improvements and renovations to the existing fire station for use as the police station along with related cost. Three Million Dollars (3,000,000) of such sum to be raised through the issuance of bonds or notes under and in compliance with the Municipal Finance Act, RSA 33:1 et seq., as amended; to authorize the Selectmen to apply for, obtain and accept federal, state or other aid, any, which may be available for said project and to comply with all laws applicable to said project; to authorize the Selectmen to issue, negotiate, sell and deliver said bonds and notes and to determine the rate of interest thereon and the maturity and other terms thereof; and to authorize the Selectmen to take any other action or to pass any other vote relative thereto. The first principal and interest payments will be included in the 2025 budget. (3/5 ballot vote required) (Recommended by Selectmen) (Not Recommended by Budget Committee)

Motion to move the article by Jessica Hatch, seconded by Jacob Moran. Discussion to follow:

Paul Wagner: What funding is available? Not known at this time, it is being worked on. Noreen Rollins: How much will this increase our taxes. At 4.25% to borrow 3 million, the first year the tax rate will go up \$1.69 per \$1000 of your evaluation. That would be \$422.50 on a \$250,000 property. **Debbie Aylward**: Tax rate went up \$2.50 this year from \$17.50 to \$20. So that means next year could be \$21.69 a \$1000. Peg Cooper: Can someone from the Budget Committee say why they are not supporting this? Most of the budget committee don't think that it is smart to put \$500,000 into the old firehouse. It would be better to include the Police in the same building as the Fire Dept. Jessica Hatch responded to their comments saying that the committee met every month, sometimes twice a month and it would have been great to have people show up and tell us their opinions, but they only had one gentleman show up and that was Andy Phelps. To actually have an engineer design drawn ahead of voting it would be another \$50 to \$60000. Combining the two buildings combined was going to add another \$1.5 million to the cost. The only reason Jim wants the combined is because he wants to buy the fire station himself. We do have another proposal besides the first one we put out which is the \$500,000 to renovate the Fire House for the Police and \$2.5 million to build the Fire House. Paul Wagner: After the new building is erected and the fire house is renovated will it be good for a long time, or will we need to renovate it again in the near future? Jessica Hatch The plan is to completely redo the fire house to make it what is needed for the Police. Debbie Aylward: What was the process to get to these numbers? Will there be more information given to the taxpayers explaining this? :Jeremy Martin: This plan has been on the Master Plan for years. I went to a local contractor and got a bond quote that you can use to get a bond loan. No one is going to give you a complete engineering plan without costing more money. Maggi Fellows: I want to thank the committee because they are the ones that put the time into deciding what would be best for this town. Jessica Hatch: There will be a mailing that will go to everyone's mailbox showing exactly what the new design will be and there will be another open house at the fire station and another feasibility meeting.

Article 05 OPERATING BUDGET

Shall the Town vote to raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$1,659,166. Should this article be defeated, the default budget shall be \$1,520,366 which is the same as last year, with certain adjustments required by previous action of the Town of Danbury or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. Majority vote required. (\$1608, 166 Recommended by Budget Committee) (\$1,669,916 Recommended by Selectmen)

Motion to move article by Jessica Hatch, seconded by Tracy Shepard

POLICE DEPT OFFICERS WAGES: Motion by **Maggi Fellows**, seconded by Jessica Hatch: Motion to add \$20,000 back to the Police Dept Budget Line 421010110, Officer's Wages. The chief would like to hire oel to two part-time officers that would give us approximately 28 hours of coverage a week. Until he can find people to hire he can use the Sheriff's Dept to fill in like we had been using to give us some coverage. Noreen Rollins: Do we have a set number of officers we have to have. No Andy Phelps: Good to have a new police officer in town and I think the \$20,000 should be put back. **The moderator read the amendment. The amendment passed.**

HIGHWAY DEPT: Motion by **Jessica Hatch** seconded by **Bob Crisco** to raise the Road Agent Salary Line by \$2000. The surrounding towns pay much more than ours. **The moderator read the amendment. The amendment passed.**

Motion by Jeremy Cornell seconded by Anna Hullinger to raise the general supplies from \$14000 to \$18000 that I originally requested. Street signs are missing, signs and barricades disappear, and these items are expensive to replace. **Jim Phelps**: Last year \$6000 was spent on Snap On Tools. These are very expensive, very high-quality tools. That is \$6000 we don't have to spend on tools this year. I can do the same job with a \$10 wrench as I can do with a \$65 wrench. Bob Crisco: They have a great warranty on them. Jim Phelps: I'm speaking, don't interrupt. The money spent on signage is a fraction of your budget. We cut the budget by \$6000 because that is what you spent on tools last year then we reduced that to \$4000. The highway department is half the total budget of the town. We have been very generous in recent years, and it is not a line-item budget so money can be moved between lines within departments. We should have a well-stocked tool supply after spending \$6000 on Snap On tools last year. You can't go into the Snap On Tool truck like a kid going into a candy store. Carol Funk Crisco If you look at all the line items, they have all gone up 20 to 30 % since covid. If you buy something for a lifetime it's worth the initial investment. **Bob Crisco**: If you buy a pair of plyers for \$10 how many times are you going to have to replace them over the years. Jim Phelps: You don't want to ask me that question because I have not spent \$10,000 on tools in 50 years. Maggi Fellows: Cutting that line item doesn't stop him from buying more Snap On tools, it will just make it impossible for him to buy the other items he needs like signs. If someone does not like him buying from Snap On Tools, they should talk to his boss about it and if they agree they can give him an order that he not make any more purchases from Snap On. Jim Phelps: The budget committee still supported a 10% increase in the Highway Budget. Hand count was requested. The moderator read the amendment. The amendment passed 26 yes 8 no.

Motion by **Jeremy Cornell** seconded by **Jessica Hatch** to raise the gravel line from \$40000 to \$45000. We had a lot of rain in December used more gravel than we normally would and more rain into January. Already \$7000 into the gravel money. Need at least 45 or more if someone wants to raise it again because we are going to be hurting in the summer. **The moderator read the amendment. The amendment passed 30 yes 1 no.**

Motion by **Bob Crisco** seconded by **Jeremy Cornell** to raise the gravel line from \$45000 to \$55000. Bob said \$45000 is not enough even \$55000 is not enough to take care of all the road needs. **Jim Phelps**: Where are we going to stop? Why don't we take it to \$100,000? If we are on a spending spree how much do you want your taxes to go up? **The moderator read the amendment. The amendment failed. 10 yes 21 no.**

Motion by **Jeremy Cornell** seconded by **Jessica Hatch** to raise the hot top line from \$150,000 to the requested \$165,000. Jeremy said the quote came in at \$165,000 for the proposed projects and was given to the selectmen and the budget committee. **Jim Phelps**: We did not get a quote from you on the paving at all. All you told us was you were going to fix the bottom of high street and fix Ragged Mountain. **Jeremy Martin**: I did turn it in to the selectmen. **Jessica Hatch**: The budget committee didn't get the quote because the selectmen have it. The plan is to overlay North Rd and fix High Street at the Waukeena Lake end. Last year's projects did not get completed due to scheduling issues and rain. **The moderator read the amendment. The amendment passed 35yes 21 no.**

DANBURY COMMUNITY CENTER: Kendra Braley spoke to about the DCC. The pantry and the DCC are two separate entities and money is not taken from the town to run the pantry. The supper money is used to help support the pantry. In the past we have gotten money from the trust fund. We had a bond with \$24,000 in it but that has run out. We need \$4400 a month to run the DCC. Right now, I do not know if we have enough to get through the winter. Andy Phelps: Has anyone seen the budget request? There should be a detailed list of expenses. You can't just say you want a certain number of dollars.

Motion by Ruby Hill seconded by James Farmer to raise the DCC budget by \$5000. The moderator read the amendment. The amendment passed 37 yes 2 no.

Moderator read the amended **OPERATING BUDGET**:

Shall the Town vote to raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$1,659,166. Should this article be defeated, the default budget shall be \$1,520,366 which is the same as last year, with certain adjustments required by previous action of the Town of Danbury or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. Majority vote required. (\$1,608,166 Recommended by Budget Committee) (\$1,669,916 Recommended by Selectmen) Motion to move article by Jessica Hatch, seconded by Ruby Hill

ARTICLE 06 HIGHWAY EQUIPMENT CAPITAL RESERVE FUND

To see if the Town will vote to raise and appropriate the sum of \$50,000 to be added to the HIGHWAY EQUIPMENT CAPITAL RESERVE FUND previously established. Majority vote required. (Recommended by Selectmen)(Recommended by Budget Committee) Motion to move article by Jessica Hatch, seconded by Anna Hullinger

Jessica spoke to this: We are asking to put \$50,000 in this fund. Right now the balance is 0 because it was used to buy the loader last year.

Motion by **Noreen Rollins** seconded by **Lenny Ryan** to lower this to \$25,000 for this year due to how much we have raised other lines. **Chris Huyler**: Jeremy is there anything that needs to be replaced this year? **Jeremy Cornell**: A dump truck but we put in a request to get a small truck so we need the use of a dump truck until we can get that one. I would ask that you keep this at \$50,000. **The moderator read the amendment. The amendment failed 8 yes, 23 no.**

ARTICLE 07: BRIDGE CAPITAL RESERVE FUND

To see if the Town will vote to raise and appropriate the sum of \$25,000 to be added to the BRIDGE CAPITAL RESERVE FUND previously established. Majority vote required. (Recommended by Selectmen) (Recommended by Budget Committee) **Motion to move article by Jessica Hatch, seconded by Ruby Hill.**

Jessica Hatch: Last year we were going to fix Walker Brook Rd bridge quoted at \$150,000 but it rained too much to do the job. The plan is to do that this coming year and we are # 16 on the states list to do the bridge on Bohannon Rd. We pay 20% and they pay 80%. Their quote came in at \$1.4 million. We need \$240,000 to match their budget. Right now we have \$190,000. Originally the state said it was going to be done in 2030 but they are moving those dates up.

ARTICLE 08: ROAD CONSTRUCTION CAPITAL RESERVE FUND

To see if the Town will vote to raise and appropriate the sum of \$75,000 to be added to the ROAD CONSTRUCTION CAPITAL RESERVE FUND previously established. (Recommended by Selectmen) (Recommended by Budget Committee) (Majority vote required) Motion to move article by Jessica Hatch, seconded by Jeremy Cornell

Jessica Hatch: We started this last year to repair Ragged Mountain Road from New Canada to Deckmen's Road. This road is in very bad shape. We would like another \$75,000 to be put toward that. Jeremy and I have been talking to an engineer because we are not going to do this ourselves with Ragged doing their new subdivision. There is a lot of water run off that is ruining our road right now.

ARTICLE 09: GOVERNMENT BUILDING CAPITAL RESERVE FUND

To see if the Town will vote to raise and appropriate the sum of \$23,000 to be added to the GOVERNMENT BUILDING CAPITAL RESERVE FUND previously established. (Recommended by the Selectmen) (Recommended by Budget Committee) (Majority vote required.) Motion to move article by Jessica Hatch, seconded by Jeremy Cornell

Jessica Hatch: Asking for support to put \$23,000 in the Building Capital reserve fund. Tracy went up to the records room attic and put up the insulation and did the room over, painted and put in the floor so we do not have anything left in the fund. By putting it in the reserve its not in the general budget so it can stay there till it is needed.

Motion by Jim Phelps seconded by Noreen Rollins to reduce the amount from \$23,000 to \$10,000. Jim Phelps: It is for emergencies and \$10,000 is enough to cover emergencies. Jessica Hatch: I was just reminded that we have a leak near the chimney and the fire alarm at the DCC keeps going off unnecessarily. So there is an emergency issue. The moderator read the amendment. The amendment failed 23 no, 12 yes.

ARTICLE 10: REVALUATION CAPITAL RESERVE FUND

To see if the Town will vote to raise and appropriate the sum of \$7,000 to be added to the PROPERTY CAPITAL RESERVE FUND previously established for the state mandated revaluation of the municipality. Majority vote required. (Recommended by the Selectmen) (Recommended by Budget Committee) **Motion to move article by Jessica Hatch, seconded by Ruby Hill**

ARTICLE 11: TO CLOSE CERTAIN CAPITAL RESERVE FUNDS

To see if the Town will vote to discontinue the following CAPITAL RESERVE Funds.

AIR PAC Capital Reserve Fund

FOREST FIRE EQUIPMENT Capital Reserve Fund

RECORDS PRESERVATION Capital Reserve Fund

PLANNING BOARD Capital Reserve Fund

Said funds and accumulated interest to date of withdrawal are to be transferred to the municipality's general fund.(Majority vote required)(Recommended by the Selectmen)

Motion to move article by Jessica Hatch, seconded by Ruby Hill

Jessica Hatch: It was brought to our attention by our Trustee of the Trust Fund, Karen Padgett, that these funds are just sitting there and we weren't spending them so we need the people's vote to put them back in the general fund.

As of January, the AIR PAC Capital Reserve Fund had \$12.40,

FOREST FIRE EQUIPMENT Capital Reserve Fund had \$ 132.77,

RECORDS PRESERVATION Capital Reserve Fund had \$ 267.65,

PLANNING BOARD Capital Reserve Fund had \$105.59.

Motion to adjourn by Jim Phelps seconded by Jessic Hatch

Medical Aid/EMS	93
Motor Vehicle Collisions	13
Mutual Aid Fires	20
Mutual Aid - Other	2
Service Calls	23
Details and Trainings	20
Inspections	3
Water Rescue	0
Gas Leak/HazMat	3

Total calls for service: 201

In March 2023, members of the department joined a building committee alongside members of the public and town officials. The committee has worked diligently throughout the year looking for cost effective ways to build a safety building that is capable of servicing the town for the next 75 year. The committee has looked for funding means including any grant opportunities. The proposed is a new fire station built on town owned property on route 4 and remodeling of the existing firehouse into the police station. The committee has been very active and dedicated. They were able to bring a plan to the public this year. With the continued efforts of the committee and support from the people of this town we hope the proposed project will move forward.

In 2023, DVFD started to provide addresses in town with numbered 911 signs, you may have seen these red numbered signs in at your neighbors house. If you would like one please call the DVFD for details at 603-768-3652.

Yours in safety,

Danbury Fire Department

Report of Forest Fire Warden and State Forest Ranger

This past year we observed wet weather in late spring and throughout the summer. This led to reduced wildfire activity throughout the state and allowed many of our state firefighting resources to respond to Nova Scotia and Quebec to assist our Canadian neighbors with their record wildfire season. We were also able team up with local fire departments and provide many wildfire trainings throughout the state.

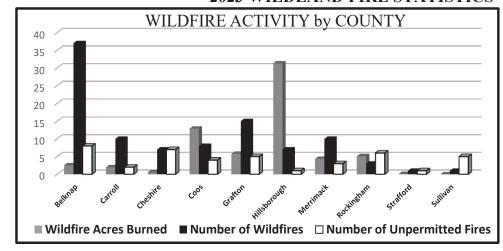

This time of year, we see fires caused by the careless disposal of woodstove ashes. Before dumping your woodstove ashes, you should place them in a covered metal container until they are out cold. Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Every year New Hampshire sees fires which threaten or destroy structures, a constant reminder that wildfires burn more than just trees. Even with the lower wildfire threat in New Hampshire in 2023, properties within the Wildland Urban Interface were still impacted, with 8 structures threatened and 3 destroyed by wildfires. Homeowners should take measures to prevent a wildfire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey Bear, your local fire department, and the state's Forest Rangers by being fire wise and fire safe! We ask everyone to remember Smokey's message about personal responsibility and follow his ABC's: Always Be Careful with fire. If you start a fire, put it out when you are done. "Remember, Only You Can Prevent Wildfires!"

As we prepare for the 2024 fire season, please remember to contact your local Forest Fire Warden or Fire Department to determine if a fire permit is required before doing <u>ANY</u> outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning unless the ground is completely covered with snow. Fire permits are also available online in most

towns and may be obtained by visiting www.NHfirepermit.com. The burning of household waste is prohibited by the Air Resources Division of the Department of Environmental Services. You are encouraged to contact the local fire department for more information. Safe open burning requires your diligence and responsibility. Thank you for helping us to protect New Hampshire's forest resources. For more information, please contact the Division of Forests & Lands at (603) 271-2214, or online at www.nh.gov/nhdfl/. For up-to-date information, follow us on X and Instagram: @NHForestRangers

2023 WILDLAND FIRE STATISTICS

Year	Number of Wildfires	Wildfire Acres Burned	Number of Unpermitted Fires*
2023	99	64.5	42

The Year of Rain

2023 could have been the year to build an Arch, with rainfall showering on us over 100 days measuring in feet instead of inches. This weather overloaded and destroyed many of our culverts and ditches, and washed away roads creating extra costs... Not a typical December day in New England purchasing a large amount of gravel after rain falling over four inches in one day.

Thank you for the supported vote for the New Loader, it arrived saving us the cost of repair and parts on this machine. Our team was able to invest a lot of time and our budget planned for money to go into the much-needed rehab of Walker Brook Road.

As much as we can and with the equipment we have, all oil changes, regular maintenance, welding and fabricating to replace parts, is done in our shop by our team. All trucks and equipment received regular maintenance and repairs throughout the year. We were able to accomplish replacing many culverts around town. Brush cutting and chipping was done on a regular basis. Ditching was done where it was needed, as was grading of all town roads, starting with the high traffic ones first. Road side mowing was done by a contractor due to not be able to rent a tractor.

Every year our team works diligently to sand and salt the roads, check for hazards, clear ice jams and trim heavy tree branches, making it safe for our community.

Thank you, Alan, Bob, Walter, and Mike, for your continued hard work, it is greatly appreciated.

I would also like to thank the Selectman, Karen Padgett, and Maggi Fellows for all your assistance throughout the year.

Thank you all for your continued support of the Highway Department.

And finally, thank you for the opportunity to serve my community. If there are questions or concerns, please call me at (603) 768-3317 or email me at danburyhighway@myfairpoint.net

Jeremy Cornell, Road Agent

A reminder of the Town Ordinance, for Winter Plowing:

Per RAS 236:20 and Danbury Ordinance adopted January 9, 2013, it is a violation to deposit snow or ice upon a traveled roadway that would cause it to be unsuitable for travel by person, vehicle or snowplow. The penalty for such a violation is \$25.00 (Twenty-five Dollars).

** Please remember by recycling your used oil at the transfer station, it saves you tax dollars on heating oil for the Highway Garage**

Danbury Police Department 2023 Yearly Report

Christopher J. Kelby

Rebecca Huntoon

Chief of Police

Administrative Assistant

Please accept this letter as the year-end report for 2023. The agency has undergone some changes in 2023 that have adversely affected our abilities to carry out Law Enforcement and Community responsibilities, however as 2024 has kicked off we can look forward to some positive upgrades yet to be realized.

The Danbury Police Department is, as requested by the Town, a Part-time Police Agency. Typically, the agency would be staffed by a part-time Police Chief, 2 part-time Police Officers, an Animal Control Officer (ACO) and a part-time Administrative Assistant. If, at full staff, the agency would be able to provide approximately 60 hours of Police Patrol Coverage weekly. This has not been the case for some time.

The agency currently occupies a single (12'x17') main room in the Town Hall plus a small storage area (9'x7') for the retention and categorization of Evidence. Parking for the agencies two marked police cruisers (2016 Ford Explorer and 2020 Dodge Durango) is outside on a dirt parking area at the front of the Town Hall. The main office serves as the Police Department structure where business is conducted. Business includes sex and probation offender registry, citizen complaints, interviews of both civil and criminal nature, processing prisoners, applicant fingerprinting, permits, report writing, training and community relations etc.

In 2023 the Danbury Police Department which was already short an officer and it's ACO, lost it's two remaining Officers, whilst thankfully retaining Rebecca Huntoon as the Administrative Assistant. Towards the end of November, I was Appointed as your Police Chief after a full background investigation was conducted by the Merrimack County Sheriff's Office Investigations Unit.

Since my appointment in November of 2023, I have identified a few issues within the agency that need to be dealt with immediately. These issues include the Recruitment, Hiring and Training of Police Officers and a previously identified and unresolved issue related to the inventory of evidence, its storage and tracking. Another issue relative to outdated or missing professional standards of conduct is being dealt with as of this writing.

During November and December of 2023, Police Cruiser mechanical repairs have been identified and rectified. The issues included unidentified post-crash damage and rust repairs to the Ford Explorer. The Dodge Durango had electrical issues related to emergency equipment which have been rectified.

The Police Department facility has undergone (and continues to undergo) some cosmetic changes which will hopefully better serve the community through the creation of a professional appearance, the ability to better store records, process citizen requests (Offender Registration, Application Fingerprinting, Firearms Permits etc.) and the storage of agency equipment.

In November I began collecting call data from the City of Franklin, The New Hampshire State Police (Troop D) and the Merrimack County Sheriff's Office. Mrs. Huntoon was able to collect data from Crimestar, our report management system. What follows is the numbers of calls for service by each Agency;

Danbury Police Department: 167

Merrimack County Sheriff's Office: 97

New Hampshire State Police: 242

Franklin Police Department: 259

Total Calls for Service: 765

Average Call Volume per Day: 2.1

It should be noted that the volume of calls, though in appearance seems high does not account for Danbury Police generated calls as the staffing for the department was nonexistent for a large part of 2023 and reportable numbers were not generated outside of calls for service directly made to the Police Department phone line and lobby. As I complete this report on 01-19-24 the Danbury Police Department has already affected 3 felons arrested, a resisting arrest, 2 domestic violence calls as well as several juvenile cases, multiple traffic stops and general calls for service.

In closing, I thank you, the Town of Danbury, for your support of our agency and our community. I look forward to continuing my service to you and wish you a blessed New Year.

Respectfully,

Christopher J. Kelby

Chief of Police

Danbury, NH

George Gamble Library Report for 2023

The library was proud to join Libby to be able to offer thousands of books and magazines.

Please take advantage of this wonderful resource by joining the library. Now you can listen to audio books, read magazines (which you keep for as long as you want) or read books online, all for free.

We are very happy that we can offer this to the residents of Danbury as we are quite limited in the amount of books we can have in our delightful, but small, library.

All you need to do is come to the library with proof of residency and Linda Olmstead, our wonderful librarian for the past ten years, will get you all set up. It's easy!

However, even given our limitations, we have had a lot of visitors:

2023 Circulation Record

Patron visits 930 (813 adults, 117 children) Books borrowed 1001 (709 adults, 292 children)

Interlibrary Loan Requests 357 loaned to other libraries 44 borrowed by our patrons

Libby (Online books and Magazines)

15 patrons using this resource.

We thank the Town of Danbury for all the support. This year we have repaired the roof, so it doesn't leak. The ceiling is fixed and delightful. The handrail is secure—so we can all make it in.

In 2024 the trim and the front door will be renewed.

The library is in great shape—come see what a gem it is!

Respectfully submitted,

Cathy Vincevic

Chair

2023 Report from the Danbury Planning Board

The Planning Board experienced a relatively high level of activity in 2023.

Much of it was centered around two properties/developers. The first one involved Ragged Mountain Ski Resort ("Ragged"): Per the Development Agreement reached with Ragged's corporate owner in 2009, the Planning Board had the right to periodically require a review of that Agreement, both as to what had transpired to date and a five-year projection forward. The Board had decided in the latter part of 2022 to exercise that right for the first time, which led to a number of discussions with Ragged's counsel and personnel, and a complete overhaul of the controlling documents. That resulted in the adoption of an "Amended and Restated Development Agreement" on September 12, 2023. The Planning Board's long-time counsel in the matter, Michael Donovan, who's legal fees have always been paid by Ragged since the outset of its development proposal circa 2007, announced his retirement at the end of the overhaul process, and the Board expresses our thanks for his many years of diligent service and advice.

There was also a 10 lot subdivision proposal which led to a number of public hearings; opposition by three sets of abuttors; a unanimous 7-to-0 vote of denial by the Planning Board; a reversal of that denial by a 4-to-1 vote of the Zoning Board of Appeal; and on-going litigation now pending in the NH Housing Board of Appeals. Much of the contention related to the proper interpretation of our Zoning Ordinance's Section 11.5 relative to how much "contiguous" buildable area each lot must have in the Village Districts and the Rural Areas respectively. Recognizing that the Section's wording was somewhat ambiguous, the Planning Board has proposed a revision of that Section at a public hearing to be voted on at the upcoming Town Election. [A proposed revision of the Zoning Ordinance's Floodplain provisions, which was proposed by the State of NH to keep it in compliance with changes to State law, was also adopted by the Planning Board at a public hearing and will be voted on at the upcoming Town Election.].

There were only 4 other public hearings, none of which faced any significant opposition from members of the public in attendance, and each one resulted in unanimous approval by the Board. Those public hearings were broken down as follows: 1 Ragged-related subdivision approval; 1 site plan review approval; 1 lot line adjustment; and, the annual adoption of a revised Capital Improvement Plan.

More specific information is available via review of the Planning Board's adopted Meeting Minutes on file with the Town.

Respectfully submitted,

John A. Taylor, Chairperson

2023 Zoning Board of Adjustments

The Zoning Board of Adjustment (ZBA) meets as applications are submitted or as need arises. We are here to help anyone who has any questions or is in need of assistance with the application process that often can be confusing. Because there are often questions about what we do, I would like to list some of the applications available:

- Special Exceptions
- Appeal from Administrative Decision
- Variances
- Applications for Equitable Waiver of Dimensional Requirements

You can find a fillable application, the Zoning Ordinance and the Rules of Procedure on the town website. When applying, please read the Application, Zoning Ordinance and the Rules of Procedure as they will help you with the process. If you need any procedural assistance, please feel free to reach out to us.

2023 was an extremely busy year for our ZBA members. A number of public hearings and meetings were held, challenging the members to examine and apply the RSAs, case law and the LUZO.

We also incorporated and updated our Rules of Procedure to increase transparency and clarity to ensure trust and integrity for the Town.

The Danbury ZBA is served by a group of very committed volunteers. The current members are:

- Toni Maviki, Chair
- Lenny Ryan, Vice Chair
- Walter Wright, Secretary
- Becky Huntoon, Clerk and Alternate member

It gives me great pleasure to extend a special THANKS to our ZBA members for volunteering countless hours this year and plowing new ground once again. Your professionalism, dedication, and commitment to following our State Laws and Town zoning ordinances is exemplary. Lastly, on behalf of the entire ZBA, a special thank you to our clerk, Becky Huntoon for your dedication, knowledge, and commitment to assist our Board and the public.

Respectfully submitted by,

Toni Maviki, Chair

2023 Cemetery Report

This past year was another busy one for the cemetery crew.

Nathan Hatch, Arron Judd, William Huntoon, Adam Klapyk, Kenneth Phelps and David Sorrell all worked to keep our town cemeteries looking beautiful.

Along with the regular mowing, trimming and raking there were several other items that were taken care \hat{g}_{k}

Robin Heberling has started repainting the cemetery signs. As well as painting the gate at the Baptist Cemetery.

Jeremy Cornell scheduled men and equipment to assist in fixing stonewalls at both the Riverdale and Baptist Cemeteries and removal of the large maple tree.

Dennis Phelps also helped in the removal of the large maple tree at the Elmwood Cemetery.

Matt Johnson of Down to Earth Tree Service was responsible for taking down the tree. It was done with care and precision, as not a single stone was damaged in the process.

Alan Huntoon helped with the removal of the wood.

A stone drainage ditch was made to handle the runoff from the road culvert in the Baptist Cemetery.

Other projects such as seeding and adding loam to needed areas was done by an anonymous donation of seed and fill.

Next spring we will push to get the ledge Pak put down at the Riverdale Cemetery.

As Sexton Andrew Phelps continues to keep our town cemeteries looking beautiful. We are hopeful that many of last year's crew will return for the 2024 season. If there is anyone who would like to work or volunteer in all or a particular cemetery as a memorial to family or friends we would like to hear from you.

Thank you again to Andy Phelps and his dedicated team.

Cemetery Trustees

The Danbury Historical Society

Our mission is to preserve, collect, interpret, write and publish whatever may be of value to the history of Danbury, NH and to preserve all historically valuable items relating to the history of our town. The Historical Society truly thanks our officers, members, and volunteers for their work in 2023. We thank those of you that attend our events and lended a helping hand when needed.

Here's a brief recap of some of our Historical Society activities in 2023.

June: Spring Clean-up Day at the North Road Schoolhouse. We planted flowers and tended our gardens by weeding, raking, and mulching our flower gardens. Thank you so much to our wonderful volunteers Scott Surgens, Linda Olmsted, Thanh and Paul Huibers, and Bonnie Fletcher. We want to continue to help the bees and attract butterflies by growing lovely flowers on the property. We also appreciate Andrew and Jeremy Cornell doing a great job mowing the yard.

August: Historical Society Yard Sale at the North Road Schoolhouse to raise funds for our North Road Schoolhouse restoration project in 2023. Many thanks to the members and friends that donated items such as Bonnie and Rob Christopher, Scott Surgens, Bonnie Fletcher, Janette Hillsgrove, Jim Buckwell and many others along with our volunteers that helped during event. Thank you to those of you that came out to support our efforts to make it a successful fundraiser.

September: We held a Raffle for a season pass that Ragged Mountain Ski Resort donated to support the repair work needed on the North Road Schoolhouse this year. Many thanks to our friends at the Ragged Mt. Ski Resort and their continue support every year.

August, September, and October: The North Road Schoolhouse Museum went through a major preservation restoration thanks to 2 grant awards and the efforts of our Danbury Historical Society volunteers. The 1772 Foundation NH Preservation Alliance Grant and the Franklin Savings Bank Fund for Community Advancement of the NH Charitable Foundation partnered with us to help fund the much-needed repairs. Additionally, LaValley Building Supply in Bristol donated the paint needed and brushes to paint the building. Our Roofing contractor Carl Grace did a beautiful job repairing and shingling the roof, replacing damaged clapboards, corner boards and trim. Our painter, Deb Glidden of 4 Corners Painting did an amazing job painting the exterior. I (Bonnie Fletcher) am very proud that I managed this preservation project along with our amazing Vice President, Bonnie Christopher. The Museum looks really great with the new roof, new clapboards, and building painted. I am grateful that there are community minded businesses, charitable organizations, and dedicated members that support our efforts. Plus, the North Road Schoolhouse has been awarded being listed in the New Hampshire State Register of Historical Places.

In closing, we should all do what we can to help maintain our beautiful surroundings, preserve our historical buildings, conserve and protect our waterways and natural land sites and continue to keep Danbury a wonderful place to live in.

Respectfully submitted, Bonnie Fletcher, President

KEARSARGE AREA COUNCIL ON AGING, INC.

2023 Annual Town Report

Established in 1992, the Kearsarge Area Council on Aging (COA) has become an important social service organization dedicated to meeting the needs of our communities' seniors, and their families, friends, and neighbors. The mission of COA is to promote, develop, and reinforce programs that support and enhance the health, well-being, dignity, and independence of older people in the nine towns we serve in the greater Kearsarge area.

COA is a focal point for many area seniors who depend on us to help support their independence, help them find their sense of purpose, and provide the opportunity to help others through our many volunteer opportunities. 2023 is a strong year for COA. We have 26 active programs. We are collaborating with New London Recreation, The Barn Playhouse, New London Outing Club, Lake Sunapee Region Visting Nurse Association, Wilmot Red Barn, AmeriCorps, AARP and Senior Community Service Employment Program.

- The Transportation Program operates with one paid driver funded through many generous grants and the return of many volunteers. This service brings seniors to their physician appointments, grocery store, etc. and is heavily relied on by many isolated individuals.
- The Durable Medical Equipment Program is fully operational and serving the needs of many who are unable to obtain medical equipment elsewhere.
- Daily programs and services are offered within our building and in the community. Many have the new option of Zoom attendance.
- We partner with Lake Sunapee VNA to provide foot care four times a month.
- COA continues to be a resource center to our seniors and their families.

We are proud to be a resource center, operate the second largest free Mobility Lending Equipment Program in New Hampshire, and provide free transportation to our clients in the nine towns we serve. We are fiscally resourceful and operate on a lean budget.

We appreciate our partners, towns, volunteers, members, donors, business sponsors, Board members and staff. It is with their guidance and support that we continue to lead to high levels of health and well-being opportunities for our senior neighbors.

Respectfully submitted,

Kelley Keith

Kelley F. Keith, BA, MS

Executive Director

January 2024

Dear Friends:

On behalf of the entire team at Lake Sunapee Region VNA & Hospice (LSRVNA), thank you for the opportunity to provide home health, hospice, personal care, clinics, support groups and more in 2023. We remain proud of our organization's culture of respect and our ability to respond to community need in a complex world. Medicare regulations related to how we care for patients and, in turn, are reimbursed changed in consequential ways last year. Responding to these new guidelines, which impact care plans and many processes, is a core focus of our updated strategic plan. While competition for staff, especially nurses, remains fierce, we successfully recruited a significant number of RN Case Managers in 2023. Retention of employees also remained a priority, and we saw an average retention rate last year of 90%, well above industry averages. We continued to offer a variety of meaningful employee benefits such as resources to help defray the cost of health care premiums and the establishment of a well-received car care fund to help staff maintain their vehicles and remain safe on the roads (staff drive 500,000 +/- miles annually delivering care in 25+ area towns!). The past year also welcomed the return of the beloved Women Who Make A Difference Luncheon and the much-needed Good Day Respite Program. Also in 2023, we created a unique partnership with New London Barn Playhouse to offer innovative workshops to address needs of caregivers. I am proud to report that for the 12-month period ending September 30, 2023, we served residents of Danbury in the following ways:

- ♣ Provided skilled nursing, therapy, hospice and supportive care to 25 residents;
- → Provided free/reduced cost nursing, therapy and social work visits to residents; visits were also provided under various Medicaid programs (NH Medicaid reimburses at less than 65% of cost);
- Provided 14 months of bereavement programming to hospice families after the death of their loved one at no cost to the family, as well as several support groups to help people through the grieving process;
- ↓ With the expertise of both a palliative nurse practitioner and a palliative care registered nurse
 (LSRVNA is the only local home care agency with these dedicated positions), patients and their
 families continued to benefit from our Palliative Care Program, helping them understand and
 navigate advanced illness;
- Foot Care Clinics were offered in six communities, in response to a general lack of access to this important care.

With so many challenges, our gratitude for those who help sustain LSRVNA as an enduring presence is enormous. Our dedicated team of frontline caregivers and behind the scenes employees, as well as generous community partners like you, keep us strong in service to our community. We understand that your funds, like ours, are limited. This makes us even more grateful for your ongoing confidence and your consideration of funding this year. Please do not hesitate to contact me if you have questions or if there are other ways we may be of service to you and your Town's residents.

With respect,

Jim Culhane, President & CEO 603-526-4077 jculhane@lakesunapeevna.org

PEMI-BAKER SOLID WASTE DISTRICT

Steve Bean, Chairman Vacant, Vice-Chairman Erik Rasmussen, Treasurer Vacant, Secretary

c/o 161Main Street Littleton, NH 03561 (603) 444-6303 ext. 2028 troy@nccouncil.org

2023 Annual Report

In 2023, the 19 member Pemi-Baker Solid Waste District continued its cooperative efforts to promote waste reduction, increase recycling, and provide residents with a means of properly disposing of their household hazardous waste (HHW).

The District held two (2) one-day HHW collections, one in Littleton on Sunday, August 8th, and the other in Plymouth on Saturday, September 23th. A total of 284 households participated, representing every community in the District. 20,275 lbs. of material were collected, with nearly all (96%) of it being flammable materials. Total expenses for 2023 HHW programming, which includes advertising, setup & disposal, totaled \$30,476, a 7% increase from 2022. To help cover these expenses, the District received a \$10,000 donation from Casella Waste Management and NH Department of Environmental Services granted an additional \$4,990. Net expenditure for the program was \$15,486 which is less than \$0.50 per district resident. The District also coordinated two (2) fluorescent light bulb collections in the spring and fall, where all member towns were able to dispose of their bulbs and ballast. This year, fluorescent light bulb collections resulted in over 11,000 linear feet of fluorescent tubes being properly disposed of and 163 PCB containing light ballasts. Other materials collected were 47 fire/smoke detectors and an additional 396 specialty bulbs. The total cost for this effort was \$3,251.62.

The next two events in 2024 have been scheduled for August, 4th in Littleton at the Transfer station and September 21st at the Plymouth Recycling Center. Both events will run from 9AM to 12PM.

Citizens interested in participating in the development of the district's programs are welcome to attend the district meetings. Information regarding the place and time of the meetings is available at all municipal offices and recycling centers. If at any time an individual community needs assistance in regard to their solid waste/recycling program, please contact the District by email.

Respectively Submitted,

Steve Bean, Chairman

Twin Rivers Food Pantry is thankful for the support from Danbury residents. Our heartfelt thanks to **ALL** who have been supporting the Pantry's efforts with financial donations, food and personal hygiene donations, and volunteer time.

Twin Rivers Food Pantry is providing assistance with food and personal hygiene necessities to our neighbors in need. Since January of 2022, in a short two-year time period, the Pantry has experienced a staggering 88% increase in the average number of weekly household visits--from 77 to 145 household visits each week! We serve anyone in need who meets the eligibility guidelines established by the USDA's The Emergency Food Assistance Program (TEFAP). Shoppers can register the first day they shop.

We are one of several food pantries available to Danbury residents. We are glad we remain a choice and are available to households in your area.

Twin Rivers Food Pantry:

- Assures *nutritious food choices* are consistently available and distributed in a respectful manner to counter the stigma many harbor about needing assistance. We transport **6,000 pounds** of food weekly from New Hampshire Food Bank. Perishable items are picked up almost daily from Hannaford's and BJ's as part of their participation in the Food Bank's "Fresh Rescue" program. We purchase **180+ half-gallons of milk** from a local dairy farm and we receive USDA TEFAP commodity food items when available. Donations of non-perishable items come in regularly from individuals, civic and faith organizations, businesses and community drives;
- Purchases *basic personal hygiene items*, diapers, menstrual products, incontinence products, and laundry detergentitems NOT covered by SNAP or WIC benefits, but vital for good health;
- Purchases healthy nonperishable food to pack in 110+ supplemental weekend food bags delivered weekly to participating schools for children who live in households struggling with food insecurity;
- Strives to connect people with other available resources and services. Each week, a representative from the Merrimack County Navigators Program is on site at the Pantry to meet with people who need assistance working through the social service system. The Navigators empower their clients and help them identify and organize their support network.

We encourage anyone to come and learn more about this resource for Danbury residents. We are happy to give tours to show you just what and how we operate at Twin Rivers Food Pantry.

We welcome financial donations, donations of unopened and unexpired nonperishable food items, personal hygiene/cleaning items plus we are always looking for grocery bags--plastic, paper or reusable!

We are located at 2 Central Street (across from Benson's Auto) on the lower level. Our entrance is off the parking lot behind the building. Our service hours are Tuesdays and Thursdays, 9am-11am, and Wednesdays, 5pm-7pm. For questions or concerns, please call 603-934-2662 or email us at info.twinrivers@gmail.com. Visit our website at twinrivers@gmail.com. Visit our website at twinrivers@gmail.com.

Thank you so much for your support. We appreciate it!

Respectfully submitted, Cheryl Swenson, President, Board of Directors

OUR YEAR IN REVIEW

2023 has been a wild ride here at the TTCC with so many positive things happening!

As we enter 2024 we will be reviewing options for our 2nd location which will have a full-size gymansium in the plans. With our ever-growing programs we need additional space to provide our communities with our many activities. We will not be leaving our current building but have received a \$1,000,000 grant to do renovations and upgrades in our much beloved space. This will include a new handicap entrance with access to the basement and main floor, electrical upgrades, new security system and relocation of the offices. Work has begun and will be done in phases as we will continue to be using the building for programs.

This past summer we were able to bring back our 'Westward Bound Teen Expedition' trip after a hiatus during Covid. This is an award-winning program that takes 12 incoming freshman students on a trip to visit National Parks in the Western United States. The chaperones include the TTCC Director, Principal of the High School and two High School teachers. This was our 14th trip and we visited the Arches National Park, Mesa Verde, Four Corners, and Great Sand Dunes National Park. It has been described as 'life changing' by many and the relationships that are built with the High School staff make an incredibly positive impact on their HS career.

This year we were able to provide over \$28,000 in program scholarships to area families and had over 1,000 participants in our programs. We have teamed up with Newfound Country Store to offer the Annual Bridgewater Turkey Trot event. This event raised over \$14,000 in 2023 which provided local families with gas, food and clothing gift cards to help those that are struggling. We continue to offer our Every Child is Ours weekly food bag program. This program provides bags of food containing 10 items for students that may be food challenged on weekends. We are currently filling 142 bags each week. Our Operation Warm program provided 136 children with coats, snowpants and boots this past fall. Clearly the need is great in our communities and we are grateful for all of the support we receive to make these opportunities available.

This past summer our camps filled within the first few days of registration opening. This created a waiting list of 60 children. Realizing how much these families depend on us for the well-being of their children in the summer we had to get creative! We made the decision to add a 4th camp – Project QUEST. Additional staff was hired and we were able to secure the use of the Bristol Elementary School as the site for that group. Incredibly, we were able to take everyone off from the waiting list. We averaged 170 campers per day and despite the rain, rain we were able to have a safe, fun, and successful summer!

We continue to offer all youth sports, adult pickleball, Shape Up Newfound and have added Dog Obedience, Adult Tap & Hip Hop, Youth Karate & Youth Dance classes. Baseball & Softball registration begins in February and Summer Program registration opens on March 1st.

We have been incredibly fortunate for the support from our donors and supporter's this year as we raise funds for our building projects. And it is important that we give a huge thank you to our many volunteers that help us to provide youth sports, staff events, and help wherever needed. We could not accomplish this without all of you! What an amazing community we live in!

This is just a brief snapshot of what we have been doing over the past year. We look forward to serving you in 2024! On behalf of our TTCC Staff & Board we thank you!!

AUSBON SARGENT LAND PRESERVATION TRUST

2023 Annual Report for the Town of Danbury

The mission of the Ausbon Sargent Land Preservation Trust (Ausbon Sargent) is to protect the rural character of the twelve towns of the Mt. Kearsarge/Ragged/Lake Sunapee region, through land conservation, stewardship, and community engagement. This area includes the towns of Andover, Bradford, Danbury, Goshen, Grantham, New London, Newbury, Springfield, Sunapee, Sutton, Warner, and Wilmot. Since our founding in 1987, Ausbon Sargent has completed 165 projects and protected 13,541 acres – including sixteen working farms and over eight miles of lake frontage. Each of these conservation lands provides for public benefits in the form of forest, farm, wetland, or open space conservation and two-thirds of these properties offer public access.

Quality of life is very important to the residents of New Hampshire and the state consistently ranks in the top ten as one of the best places to live in the United States. Contributing to this ranking are our clean water, scenic places, and our opportunities for outdoor recreation. Open spaces also contribute significantly to the economic well-being of the State and our communities.

Ausbon Sargent has had a busy year of completing land projects, working on others in various stages of completion, bringing awareness to land protection, and stewarding the 165 projects under our care. We completed two land projects, which make up a little over 197 acres of land, now protected in the towns of Bradford and Wilmot. The Land Trust also donated a conservation easement to the Society for the Protection of NH Forests on the Messer Farm property, further insuring its protection, forever. 2023 has also been a year of transition, as we honored the remarkable legacy of Debbie Stanley, our first Executive Director, who retired in June after 35 years leading Ausbon Sargent. We also created and filled the new position of Stewardship and Outreach Coordinator.

This summer, we held lots of hikes and other events as the threat of COVID lessened. We collaborated with LSPA, local Conservation Commissions, The Council on Aging, Woodcrest Village, and Tracy Memorial Library on outings and presentations to showcase and connect people with the wonderful properties we preserve. We held hikes in Wilmot, Bradford, Grantham, New London, Sutton, and Springfield, and a rail trail bike ride in Andover. A new snowshoe trail guide was created for this winter and can be downloaded from our website! A butterfly program was offered at LSPA last March, in preparation for springtime pollinator gardens, and we held volunteer training workshops for people who wished to become conservation easement monitors. In addition to these activities, which are open to all, we held our Volunteer Appreciation party at LSPA, we resumed the in-person version of the ever-popular Progressive Dinner, and we were thrilled to hold our holiday party at the beautiful and historic Livery in Sunapee Harbor. It has been a pleasure for the board and staff to be able to hold events and activities in so many of the towns we serve.

Ausbon Sargent is thankful to have the assistance of over 200 volunteers who help with easement monitoring, committee support, and clerical work. Your community members help to protect these special places in many ways as members, conservation easement donors, volunteer easement monitors and participating in various committees at the Land Trust. They also encourage town officials throughout our 12-town region to conserve our rural character by supporting land conservation.

Our website (www.ausbonsargent.org) indicates which of the land trust's protected properties have trails open to the public for hiking, cross-country skiing, and snowshoeing, and includes trail maps, printable hiking challenges, and driving directions. Be sure to look under the heading "Connect with the Land" for these details. Our calendar of events for the winter season is also available on our website, so take a look and join us! For information on all of Ausbon Sargent's protected properties, please visit our website and join our email list. Find us on Instagram and be sure to "Like" us on Facebook!

FY23 Annual Report

Town of Danbury

The Lakes Region Planning Commission (LRPC) is a voluntary association of 30 communities in Belknap, Carroll, Grafton, and Merrimack counties enabled under RSA 36:45. The LRPC plans at the local, regional, and statewide levels and is an essential conduit for federal funding. The LRPC employs a highly trained, professional staff to provide a wide variety of cost-saving local services such as presented below, and coordinates transportation, land use, economic development, and environmental planning at the regional level. A twelve-member Executive Board, together with Commissioners, governs the LRPC. Operations are overseen by an Executive Director.

The LRPC provides a forum for communities to share information and services from model ordinances and joint purchasing to solid waste districts and watershed management plans, and serves as a resource to support and enhance local planning and regional collaboration. The LRPC recognizes that the foundation of regional decision-making lies within local communities. Membership provides access to a wide range of services and resources including:

- Transportation, land use, and watershed management planning
- Technical assistance with Master Plans, Capital Improvement Plans, Hazard Mitigation Plans, Zoning and Site Plan Regulations, Developments of Regional Impact, and Circuit Rider assistance
- Economic development assistance
- · Grant writing and administration
- GIS mapping
- · Data collection and analysis

The following are highlights of our FY23 activities. For our full FY23 Annual Report, please visit the *About LRPC* page on our website at www.lakesrpc.nh.gov.

Highlighted Local and Regional Planning Services Provided for FY23

Determination of Regional Impact (DRI)	 Prepared regional impact report on Ragged Mountain Cluster Development as requested by the Planning Board in accordance with RSA 36.
General & Technical Assistance	 Delivered town zoning layer to St. Anslem's College for use in State zoning map used by NH Department of Business and Economic Affairs.
	 Worked with Town Officials to fill vacancies and/or maintain Commissioner and TAC membership.
	 As a member of the LRPC, Town Officials are encouraged to contact the LRPC regarding our services or any other regional planning related issues.
GIS Mapping	 The LRPC is a great resource for community maps. Give us a call if your town needs updated zoning, town roads, or community facility maps for instance.
Grant Administration	 The LRPC provides a wide variety of grant writing and administration assistance to towns as needed.
Newsletters & Articles	 The LRPC helps coordinate information from many different sources and is a great resource for keeping towns up to date on planning issues and resources through both our website and direct contact.
Planning & Land Use Regulation Books	 Coordinated the purchase and delivery of 335 copies of the annual NH Planning and Lanc Use Regulation books as part of a regional bulk purchase at a savings of \$96.25 for each book and \$88.50 for each book with e-book.
	Danbury purchased 5 books. Total saved: \$481.25.
Solid Waste Management	The LRPC provides a wide range of services to solid waste operators throughout the region including information, training, signage, roundtable events, regional purchase opportunities, and much more.

Technical Land Use Planning Assistance (TBG – A)	The LRPC employs a professional land use planner to assist towns with technical land use issues which require a knowledge of land use law, NH RSA's, as well as state and local regulations on either a short or long-term basis.
Transportation Planning	Conducted traffic count at 1 location within Danbury as requested by the NH Department of Transportation.
	 Attended Selectmen's meetings to promote Transportation Advisory Committee (TAC) participation and LRPC's transportation program offerings.

Commission Meetings

• Convened 6 regular Commission Meetings with guest speakers covering topics including Regional Housing Needs Assessment/Housing Affordability Trends/InvestNH Funding, Solid Waste Management Grant, Household Hazardous Waste, Transportation Program Overview & Data Collection, Geographic Information System Programs, NH Broadband Planning Update, Electric Vehicle Infrastructure & Asset Management.

Regional Services & Activities of Benefit to Multiple Communities

- 2023 Household Hazardous Waste (HHW) Collection
 BY THE NUMBERS: 37 years of regional collections | 24 participating communities | 7 summer & 1 fall collection sites |
 4 HHW Coordinator meetings | 80 workers & volunteers contributing more than 500 hours | a dozen new local HHW
 Coordinators, including 3 new Site Coordinators | 1,564 households served | approximately 60,000 pounds (30 tons)
 of household hazardous waste safely removed and disposed, preventing negative effects on human health and
 mitigating potential illegal dumping and disposal throughout the Lakes Region.
- Bulk ordered and distributed 335 NH Planning and Land Use Regulation books for a group discount of \$96.25 per book and \$88.50 per book with e-book. TOTAL SPENT by 27 Member Communities = \$4,028.75 | TOTAL SAVED by 27 Members = \$31,719.25.
- Reviewed 15 Intergovernmental Review Process (IRP) notices from the state planning office as public notification to regional planning commissions of all projects in the region intended to receive federal financial support.
- Updated Regional Housing Needs Assessment: LRPC is contracted with the NH Department of Business and Economic Affairs (BEA) to address the RSA requirement that regional planning commissions complete a housing needs assessment every 5 years. This update was completed for 2023 and a draft was posted to our website together with a downloadable toolbox to assist communities with housing planning. Discussions have begun relative to adoption.

Solid Waste Management Accomplishments

- Worked with solid waste operators around the region to address solid waste issues through grant writing and research.
- Utilized Geographic Informational System (GIS) mapping tools to identify potential solid waste solar sites in the Lakes Region.
- · Conducted a plastics disposal and municipal solid waste study for Lakes Region transfer stations with summer intern.
- Ran two roundtables for solid waste operators concerning Food Waste Composting in NH and Glass Management Efficiencies
 and Uses.
- Conducted outreach at various transfer stations, providing information to a number of residents concerning the annual Household Hazardous Waste collection event.

Economic Development

- Comprehensive Economic Development Strategy (CEDS). Drafted update using innovative story map formatting approach which is posted on LRPC's website.
- Community Development Block Grants (CDBG). Administered CDBG Microenterprise funding for Grafton County which assists businesses and economic development organizations in Grafton, Belknap & Carroll counties.
- Northern Border Regional Commission (NBRC) Grant Administration. Provided grant writing and grant administration assistance to several successful NBRC grantees as the designated local development district for our region, including:

NEW:

- Town of Gilford Foam Recycling Project
- o GALA Makers Space Phase II

ONGOING:

- O City of Laconia | WOW Opechee Loop
- O Town of Hebron Fiber Optic Network

- o Granite State Adaptive Equine Therapeutic Center
- Lakes Region Model Railroad Museum (Wolfeboro)

Town of Sandwich – Fiber Optic Network

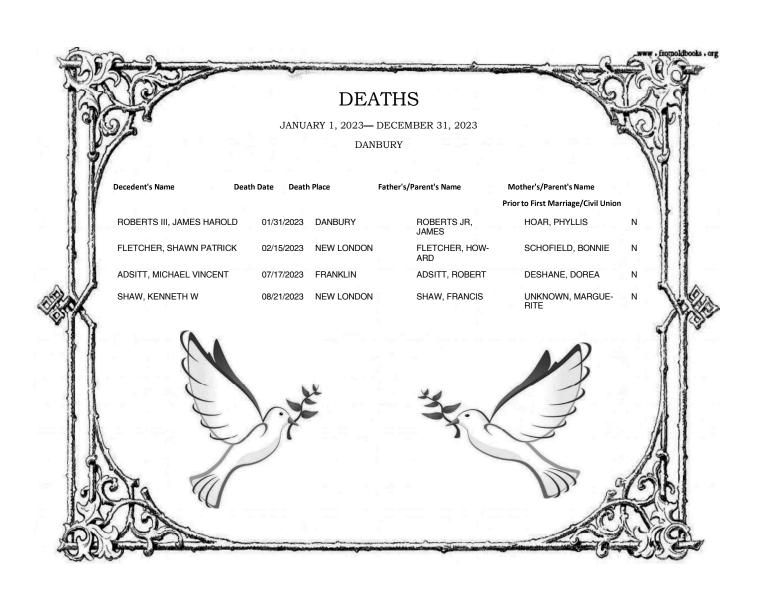

Transportation

- LRPC Transportation Advisory Committee (TAC). Provided administrative support for meetings and facilitated communications. The TAC met 6 times involving city/town appointed representatives in order to engage community participation and local involvement in regional transportation planning and project development. Topics (some with guest speakers) included Ten Year Plan (TYP) Project Planning for 2025 2034, Road Safety Audits, NH Route 11 Alton-Gilford Planning Study Update, Scoring of Proposed TYP Projects, Update on the Regional Plan and Congestion Mitigation Air Quality Application Process, Regional Bicycle Group Update, 2022 Traffic Count Summary, Charging & Fueling Infrastructure Discretionary Grant Program, and Processed Glass Aggregate.
- Bicycle and Pedestrian Planning. Updated draft of state-wide Bicycle and Pedestrian Plan.
- Regional Transportation Plan. Drafted Regional Transportation Plan. Included additional crash data information so Plan now can be used for more grant opportunities (Safe Streets For All).
- Ten Year Plan (TYP) Funding and Project Prioritization (TYP 2025 2034): Worked with towns, NH DOT and GACIT to develop project scopes and cost estimates.
 - Meredith NH Route 25 intersection improvements at Laker Lane, True Road, Quarry Road, and Patrician Shores (additional funding).
 - o Laconia Union Avenue improvements.
- Data Collection & Analysis. Collected traffic count data at 148 assigned locations throughout the region for NHDOT along
 with 17 municipal requested counts. Worked on updating Road Surface Management System (RSMS) assessment for one
 community.

The LRPC is a participation-based organization where Commissioners have the final say on the annual budget and can determine what services the organization provides. • Danbury representatives to the LRPC during FY23 were:

Commissioner	Term Expiration	TAC Member	Term Expiration
John Taylor	11/30/26	Vacant	
Mark Zaccaria	11/30/24		
Alternate	Term Expiration	TAC Alternate	Term Expiration
Vacant		Vacant
